OTHER FUNDING

Please note that givME is a subscriber service; checking it from a ‘private’ computer can cost a lot!

**We strongly recommend that you use a University of Waikato computer,** as we pay a ‘blanket’ subscription.

If you don’t have access to a University computer, access givME from a site that already pays a subscription, e.g. a public library.

**Tauranga students** can also access the givMe website from the University of Waikato campus in Tauranga. Just log on using your student ID, go to the University of Waikato Scholarships website, select ‘Search for Scholarships’, the ‘Other funding’ and click on ‘Generosity New Zealand’, and start answering the questions. Your answers will shorten the list to those awards you might be eligible for (instead of all of the thousands on this amazing web-site!).

**International students** will find it particularly helpful that, under the section ‘This is also relevant to me’, they can filter the list to show awards open to international students.
Scholarships Currently Open for Application

Please note: We have tried to indicate the ‘Level’ of each award. Please treat this information as a guide only; you still need to check the regulations to confirm your eligibility.

For further information, visit the website http://www.hera.org.nz/MainMenu.

LEARN Fellowships
No set closing date:
The Livestock Emissions & Abatement Research Network (LEARN) is an international research network focused upon improving the understanding of greenhouse gas emissions from livestock agriculture. The Ministry of Agriculture and Forestry offers up to nine New Zealand LEARN Fellowships per annum for scientists or technicians from developing countries to work in New Zealand in the area of Livestock Emissions Research.
The objectives of the network are to improve the quantification of non-CO2 greenhouse gas emissions from animal agriculture at all scales, and to facilitate the development of cost effective and practical greenhouse gas mitigation solutions.
There are two separate categories available. These are LEARN Work Trainee Awards (tenure up to six months) and LEARN Postdoctoral Fellowships (tenure up to twelve months). There is no set application close date for the Fellowships, instead they are dealt with on a case by case basis by MAF's advisory panel. It is expected that the majority of applications/nominations will be from/for individuals who have already established links with researchers at the NZ host institution/organisation. All candidates must be registered members of the LEARN Network, and may register at www.livestockemissions.net. The terms and conditions and application form can be downloaded from the Education New Zealand (ENZ) website www.newzealandeducated.com/scholarships.

Levels: School Leavers / Undergraduate / Graduate / Postgraduate
TeachNZ Scholarships are targeted at areas of priority for teacher supply, in order to meet increasing demand for teachers in some areas over the next ten years. TeachNZ states that the following areas have been identified: early childhood teachers, Māori-medium teachers, secondary teachers of specific subjects, and teachers in rural areas. These Scholarships are available for NZ citizens and permanent residents only. Further information and application forms are available from http://www.teachnz.govt.nz/scholarships.
