

## **PhD Scholarships in Bioprocessing**

Applications are invited for a PhD scholarship opportunity in the bioprocess engineering laboratory at the School of Engineering, University of Waikato. This project is part of a larger collaboration in the fermentation technology within New Zealand. The successful applicant should be eligible to register for doctoral studies at the University of Waikato. Prior experience in operating fermenters, bioinformatics, handling of microorganisms and writing technical reports would be advantageous.

The three year scholarship offers an annual stipend of \$10,000 and covers all university fees and operating costs. The PhD scholarship is open to both domestic and international students.

Applications, including CV and the names of two referees, should be sent to Dr. Aydin Berenjian at [aydin.berenjian@waikato.ac.nz](mailto:aydin.berenjian@waikato.ac.nz)

Closing date: 2 June 2015.
