

Mathematics Fees Scholarship

THE UNIVERSITY OF
WAIKATO
Te Whare Wānanga o Waikato

REGULATIONS FOR 2012

BACKGROUND

These Scholarships were established in 2009 by the Faculty of Computing and Mathematical Sciences.

REGULATIONS

1. The Scholarships will be known as the Mathematics Fees Scholarships.
2. The Scholarship will have a value of up to \$5,000 and will be credited directly to the tuition fees of the successful applicant. It will not be refundable to recipients who withdraw from their degree in the Faculty of Computing & Mathematical Sciences. It will be the responsibility of the student to pay the balance of their fees.
3. One Scholarship will be awarded per year.
4. The Mathematics Fees Scholarship is open to applicants who are enrolling in the first year of study towards an undergraduate degree with a major in Mathematics at the University of Waikato. Successful applicants will usually be intending to enrol in the Faculty of Computing and Mathematical Sciences, although in exceptional circumstances the Selection Panel may consider applicants who are enrolling in a Mathematics major through another Faculty.
5. The Scholarship should normally be taken up in the year in which it is offered. In exceptional circumstances, the Faculty of Computing and Mathematical Sciences may allow a candidate to defer their award for up to one year. Students wishing to defer their award must apply in writing to the Scholarships Office, and applications for deferment will be considered on a case by case basis.
6. Candidates should normally be completing their secondary schooling in the year prior to taking up the Scholarship, OR have attended a New Zealand secondary school two years prior to taking up the award (and have spent the previous year at a secondary school overseas or on a relevant experiential programme). Candidates not meeting these requirements will only be considered in exceptional circumstances.
7. Successful applicants will be offered the Scholarship on condition that they:
 - are approved for entry into an undergraduate degree with a major in Mathematics and
 - enrol fulltime in an appropriate programme of study in A Semester of the year of tenure.
8. The Scholarship will be awarded on the recommendation of the Chairperson of the Department of Mathematics at the University of Waikato. The decision will be based on the results of a competitive examination held in **August**. Results will be circulated to participants by the end of September. Those interested in participating should consult the Department of Mathematics for more information.
9. In exceptional circumstances a Scholarship may be shared.

Mathematics Fees Scholarship

THE UNIVERSITY OF
WAIKATO
Te Whare Wānanga o Waikato

10. The Scholarship will be awarded by the Scholarships Committee on behalf of the Academic Board of the University of Waikato.
11. The Scholarships Committee may terminate a Scholarship at any time if it is satisfied that the holder is not following the approved programme of study or is not otherwise complying with the conditions governing the Scholarship. The holder of a Scholarship shall have the right to appeal to the Academic Board against any decision to terminate the award.
12. The Scholarship may be recognised at a function organised to promote Scholarships more widely throughout the University.
13. The Scholarship may be held with any other bursary, scholarship or award, provided that the regulations of the other award allow this.
14. The University may from time to time vary these regulations.
