He whakarāpopotanga tauira mahi

PLD work in a semi-rural Year 1-6 English medium school

This PLD had three areas of focus:

- develop teacher capability in teaching Te Reo Māori as a second language
- support the school to implement a schoolwide sequential Te Reo Māori programme
- provide expert advice on collecting student achievement data for Te Reo Māori, analyse information and report on progress.

In my facilitation role, I supported teachers by modelling language teaching lessons, conducted regular teacher observation and feedback sessions including individualised support where applicable, prepared teachers to inquire into their own teaching practice and provided support with leadership to create school-wide assessment tools to monitor student achievement and progress in Te Reo Māori.

The impact of my PLD work in this school resulted in:

- *increased teacher confidence in teaching and using Te Reo Māori*
- *a strengthening of pedagogical content knowledge of effective second language teaching practises and formative assessment to accelerate the progress of students learning Te Reo Māori as a second language*
- *improved student engagement and increased allocation of Te Reo Māori learning time in classes*
- *increased awareness for assessing student achievement and progress in Te Reo Māori leading to the creation of draft assessment tools*
