**PAPER APPLICATIONS:**

| **Hamilton** | Applications can be dropped into the Scholarships Office reception, Student Information desk (Level two Student Centre – Te Manawa), or deposited in the red drop box beside their counter. |
| **Tauranga** | Applications can be dropped into the Information Centre at either the Bongard Centre or the Windermere Campus. |

**HANDY HINT:**

It sometimes happens that a reference letter is still missing at the scholarship application deadline.

For most scholarships, reference letters can still be submitted in the four days that follow the closing date.

So, if you know that a reference is missing, don’t make the mistake of abandoning your scholarship application!

Submit your application, and then remind your referee that they need to submit their letter urgently as per the application instructions.
SCHOLARSHIP SEMINARS

Scholarships to (and from) Germany

The DAAD Scholarship expert will visit the University of Waikato to inform interested students and staff about the opportunities for funding of study and research in Germany. There are awards for every discipline and every level: undergraduate, graduate, doctoral, postdoctoral, and staff.

There are many opportunities for travel to and from Germany; most (if not all) don't require proficiency in the German language. Come to the seminar to find out more.

DAAD Scholarship seminar
1.00-2.00 p.m. on Friday, 29 July
Meeting room M.1.42 (on Level 1 of the Student Centre, opposite Bennetts Bookstore)

There will be lots of useful general advice about studying and researching in Germany, as well as details about specific awards. We look forward to seeing you at the seminar!

SCHOLARSHIPS OF THE MONTH

Tertiary Achievement in Pacific Ako (TAPA) Awards

Closing date: 31 July 2016

The TAPA Awards encourage Pacific students to pursue tertiary studies at the University of Waikato. The Awards are available for domestic-status Pacific students (i.e. not international students) who are enrolled part- or full-time for the full year (both A and B semesters) at the University of Waikato.

The Golden Key International Honour Society Waikato Chapter

We are one of two Chapters of Golden Key in New Zealand, our society recognises and promotes academic excellence in over 400 Universities worldwide. The Waikato Chapter is involved with volunteer work, academic improvement and fostering leadership skills.

As a Golden Key member you have access to a variety of scholarships throughout the year, these can be applied for via this link http://www.goldenkey.org/scholarships-awards/listing/

For more information about our chapter and activities planned for B Semester, please go to our Facebook page http://www.facebook.com/GoldenKeyWaikato or email Annie West (President) at Waikato.golden.key@gmail.com.

OTHER FUNDING

Looking for further funding to support your study? The Generosity New Zealand Funding Information Service offers the givME website http://apps.generosity.org.nz/givME (formerly BreakOut).

Please note that givME is a subscriber service; checking it from a ‘private’ computer can cost a lot!

We strongly recommend that you use a University of Waikato computer, as we pay a ‘blanket’ subscription.

If you don’t have access to a University computer, access givME from a site that already pays a subscription, e.g. a public library.

Tauranga students can also access the givMe website from the University of Waikato campus in Tauranga.

Just log on using your student ID, go to the University of Waikato Scholarships website, select ‘Search for Scholarships’, the ‘Other funding’ and click on ‘Generosity New Zealand”, and start answering the questions. Your answers will shorten the list to those awards you might be eligible for (instead of all of the thousands on this amazing web-site!).

International students will find it particularly helpful that, under the section ‘This is also relevant to me’, they can filter the list to show awards open to international students.
Scholarships Currently Open for Application

Please note: We have tried to indicate the ‘Level’ of each award. Please treat this information as a guide only; you still need to check the regulations to confirm your eligibility.

Health Research Council (HRC) funding opportunities

Closing dates vary
Levels: Graduate / Postgraduate / Academics

The Health Research Council offers an impressive range of funding opportunities. The following lists are just a selection of their grants and scholarships.

Māori Health Research
Māori health research is research that values Māori world views and builds Māori research capacity and leadership. View More
• Māori Health Research Summer Studentships
• Rangahau Hauora Award
• Māori Health Research Masters Scholarships
• Māori Health Research PhD Scholarships
• Māori Health Research Postdoctoral Fellowships
• Ngā Kanohi Kitea
• Māori Health Research Development Grant
• Māori Health Research Knowledge Translation Grant

Pacific Health Research
The primary role of Pacific health research is to generate knowledge and understanding of Pacific peoples that will improve their health outcomes. View More
• Pacific Health Research Summer Studentships
• Pacific Health Research Conference Travel Grants
• Pacific Health Research PhD Scholarships
• Pacific Health Research Postdoctoral Fellowships
• Pacific Health Research Masters Scholarship
• Pacific Health Research Development Grant

Requests For Proposals
Requests for Proposals (RFPs) are calls for research in areas of strategic importance. They included, but are not limited to research that will contribute to an evidence-base for policy and planning. RFPs are released by the HRC as funding opportunities occur throughout the year. View More. For example:
• Community-based primary healthcare research
• Research Exploring the Health Implications of the Canterbury Earthquake
• HIV Behavioural Study of African Communities in New Zealand

Researcher Initiated Proposals
The majority of HRC funding is awarded through the annual contestable funding round to research ideas that are researcher initiated. A competitive process ensures that high quality and relevant research is supported across four Research Investment Streams. View More. For example:
• Emerging Researcher First Grants

Career Development
Career development awards help to foster the health research workforce in New Zealand. A range of awards is available to support the career development of emerging health researchers, including Māori and Pacific health researchers undertaking postgraduate qualifications. View More. For example:
• The Sir Charles Hercus Health Research Fellowship
• Māori Health Research Career Development Awards
• Pacific Health Research Career Development Awards

More information is available by clicking any of the above links, or by visiting the HRC web-site www.hrc.govt.nz.

HEERF Scholarships
Application date: Accepts applications year-round – applications generally considered March/April
Levels: Postgraduate

HEERF makes available annually a series of post graduate research scholarships open to NZ citizens and NZ permanent residence holders. The scholarships are typically linked to heavy engineering industry related research proposals administered by HERA, however scholarship applicants are also able to submit their own project proposal.

All scholarship research proposals intended for funding through HEERF are required to go through the HERA Research Panel system for evaluation and prior approval before being submitted through the HERA Director to the HEERF Trustees. For further information, visit the website http://www.hera.org.nz/MainMenu.
LEARN Fellowships

No set closing date:

The Livestock Emissions & Abatement Research Network (LEARN) is an international research network focused upon improving the understanding of greenhouse gas emissions from livestock agriculture. The Ministry of Agriculture and Forestry offers up to nine New Zealand LEARN Fellowships per annum for scientists or technicians from developing countries to work in New Zealand in the area of Livestock Emissions Research. The objectives of the network are to improve the quantification of non-CO\textsubscript{2} greenhouse gas emissions from animal agriculture at all scales, and to facilitate the development of cost effective and practical greenhouse gas mitigation solutions.

There are two separate categories available. These are LEARN Work Trainee Awards (tenure up to six months) and LEARN Postdoctoral Fellowships (tenure up to twelve months). There is no set application close date for the Fellowships, instead they are dealt with on a case by case basis by MAF’s advisory panel. It is expected that the majority of applications/nominations will be from/for individuals who have already established links with researchers at the NZ host institution/organisation. All candidates must be registered members of the LEARN Network, and may register at [www.livestockemissions.net](http://www.livestockemissions.net). The terms and conditions and application form can be downloaded from the Education New Zealand (ENZ) website [www.newzealandeducated.com/scholarships](http://www.newzealandeducated.com/scholarships).

New Zealand Defence Force Scholarship Schemes

Levels: School Leavers / Undergraduate / Graduate / Postgraduate

The New Zealand Defence Force offers four tertiary scholarship schemes across the three services to Engineering students. The majors in which the NZDF is likely to provide sponsorship are: Mechanical, Electrical, Electronics, Software, Materials, aeronautical Engineering and Mechatronics, however other majors will be considered by the individual services.

PhD in Titanium Powder Metallurgy

Closing date: Open until filled

Levels: Postgraduate

Applications are invited (from NZ citizens, permanent residents and international students) for a fully-funded PhD studentship within the Titanium Research Group at WaICAM (Waikato Centre for Advanced Materials) at the University of Waikato, in the field of powder metallurgy of titanium. Candidates should normally hold a First or Upper Second class honours degree in a relevant subject such as Materials Science, Materials Engineering, Mechanical Engineering or an associated discipline. Prior research experience, together with the ability to analyse, develop and solve open-ended research problems is desirable.
