**Young Women in Public Affairs Award 2020**
*Closing date [for Hamilton-Waikato residents]: 1 March 2020*
*Level: Secondary / Undergraduate*

The Young Women in Public Affairs (YWPA) Award encourage young women to participate in public affairs by recognizing the candidate’s commitment to the volunteer sector, evidence of volunteer leadership achievements and
a dedication to empowering women worldwide through service and advocacy. ‘Public affairs’ refers to all aspects of community life where decisions have to be made about issues which relate to and affect those communities in which people work and live.

Eligible candidates will be young women, aged 16-19 (on 1 April 2020) who are studying at secondary or tertiary level, and who demonstrate the following:

- Active commitment to volunteerism
- Experience in local government, student government, or workplace leadership (paid or unpaid)
- Volunteer leadership achievements
- Knowledge of Zonta International and its programs
- Support for Zonta International’s mission of empowering women worldwide through service and advocacy

Zonta clubs around New Zealand offer this scholarship. Applications will normally be submitted through a candidate’s local Zonta club (use the Club Locator here or at www.zonta.org).

The Zonta club of Hamilton-Waikato offers a YWPA Award of up to NZ$500. This Club’s recipient’s application is then forwarded for consideration at District level, i.e. nationally, where the recipient receives an Award of up to US$1,500. From the ‘national’ recipients around the world, ten international recipients are selected; they may receive additional awards of US$4,000 each.

More details are available on the Zonta International website https://foundation.zonta.org/Our-Programs/Educational-Programs/Young-Women-in-Public-Affairs-Award.

Prospective applicants studying in the Hamilton-Waikato region should email hamiltonwaikato@zonta.org.nz or scholarships@waikato.ac.nz to request the application form.

Onion Industry Postgraduate Scholarship
Closing date: 15 December 2019
Level: Postgraduate
The New Zealand onion industry wishes to invest in its future by encouraging postgraduate research of relevance to onions. As a levy funded organisation, one of Onions NZ key focuses is research that will aid the whole industry in its pursuit of effective and efficient growing practices. As such, every year, Onions NZ awards scholarships to a select few post graduate students completing research in a field of relevance to the onion industry. The topics listed below are some key research areas which Onions NZ would consider relevant and may be eligible for Onions New Zealand post-graduate scholarship funding.
Research topics of interest include:

- Solutions for improving onion growing:
  - pest and disease control,
  - onion disease diagnostics including molecular tools and new approaches,
  - improving crop quality,
  - yield improvements,
  - nutrition,
  - breeding
- Alternative approaches to agrichemicals and applications within onion production
- Consumer insights (NZ and international) and onion attributes (i.e food safety, quality, price, nutrition)
- Industry environmental analysis or solutions
  - Carbon profile or modelling
  - Nitrogen profiling, leeching or efficacy.
  - Solutions for waste steams

The scholarship is available to students of any New Zealand university or students registered in other recognised New Zealand tertiary institutions who are enrolled for a postgraduate degree. The monetary value and number of scholarships awarded will be at the discretion of Onions NZ Board, but at least one award of between $5,000 and $10,000 will usually be awarded each year. The scholarships will be awarded for one year but with the possibility of renewal or extension.

HEERF Scholarships
Application date: Accepts applications year-round – applications generally considered March/April
Levels: Postgraduate
HEERF makes available annually a series of post graduate research scholarships open to NZ citizens and NZ permanent residence holders. The scholarships are typically linked to heavy engineering industry related research proposals administered by HERA, however scholarship applicants are also able to submit their own research project proposal.
All scholarship research proposals intended for funding through HEERF are required to go through the HERA Research Panel system for evaluation and prior approval before being submitted through the HERA Director to the HEERF Trustees. For further information, visit the website http://www.hera.org.nz/MainMenu.

LEARN Fellowships
No set closing date:
The Livestock Emissions & Abatement Research Network (LEARN) is an international research network focused upon improving the understanding of greenhouse gas emissions from livestock agriculture. The Ministry of
Agriculture and Forestry offers up to nine New Zealand LEARN Fellowships per annum for scientists or technicians from developing countries to work in New Zealand in the area of Livestock Emissions Research. The objectives of the network are to improve the quantification of non-CO₂ greenhouse gas emissions from animal agriculture at all scales, and to facilitate the development of cost effective and practical greenhouse gas mitigation solutions.

There are two separate categories available. These are LEARN Work Trainee Awards (tenure up to six months) and LEARN Postdoctoral Fellowships (tenure up to twelve months). There is no set application close date for the Fellowships, instead they are dealt with on a case by case basis by MAF’s advisory panel. It is expected that the majority of applications/nominations will be from/for individuals who have already established links with researchers at the NZ host institution/organisation. All candidates must be registered members of the LEARN Network, and may register at www.livestockemissions.net. The terms and conditions and application form can be downloaded from the Education New Zealand (ENZ) website www.newzealandeducated.com/scholarships.
