Pursuant to Section 5B(3) Residential Tenancy Act, 1986

This document contains three parts:

Section 1: Conduct and Discipline in the Halls of Residence

Section 2: Request to terminate Residential Contract

Section 3: Regulations

Section 1 Conduct and Discipline in the Halls of Residence

Authority

The Director of Student Services has authority for conduct and discipline in the Halls of Residence. The Director of Student Services has issued the following Rules and Regulations for the Halls of Residence. The Residential Life Managers, the Associate Director Student Accommodation and Accommodation Manager (or delegated authority) are responsible for ensuring that the Rules and Regulations are adhered to in the Halls on a day-to-day basis. Repeated or serious breaches of the Rules and/or Regulations will be referred to the Director of Student Services for consideration in accordance with this document and the *Student Discipline Regulations*. All Halls of Residence students are also required to adhere to the University of Waikato *Code of Student Conduct* policy.

Rules and Regulations

The Rules and Regulations in the Halls of Residences of Waikato University are in place to support the safety and wellbeing of students in student accommodation as required by the *Education (Pastoral Care of Tertiary and International learners) Code of Practice 2021* and to maintain the Halls values of partnership, respect, participation and responsibility; and to ensure:

- resident safety.
- a sense of community and association with fellow residents.
- learning and personal growth.
- residents and staff working together to ensure a positive and respectful community.

All residents are to accept full responsibility for their behaviour and be capable of living independently. Support to attain and maintain independence is available through the student support services.

Residents must adhere to the University of Waikato policies related to management of **Covid 19** as determined by its health and safety risk assessment of students and staff on its campuses and in its accommodation facilities.

The University of Waikato has made full vaccination against Covid-19, including any required boosters, mandatory for entry to our campuses and sites, from 14 February 2022.

Residents are to provide authorization that they (or any guest of theirs) are fully vaccinated during their stay in the Halls of Residence. Residents must comply with policies and protocols as developed by their Halls of Residence, in response to the **Covid-19 Protection Framework** "Traffic Light System".

Absence from the Hall

You should inform your Residential Assistant if you are going to be away in order to avoid unnecessary worry or concern. You should complete the online Halls absence form. Enquiries will be made as to the whereabouts of any resident who is absent for more than two days and has failed to inform their Residential Assistant that they are going to be absent. This may include contacting your family. Your Hall will advise you of any further procedures or forms you are expected to complete. Flats residents are advised to inform their flatmates or Residential Assistants of their absence.

Alcohol

The following rules and regulations in relation to alcohol may change during the currency of the contract to reflect any applicable changes to current alcohol related legislation.

The alcohol policy for the Halls does not attempt to prevent drinking but rather to foster a responsible approach by those who choose to use alcohol. However, the excessive consumption of alcohol by some residents sometimes disrupts the communal life of the Halls. Residents whose drinking behaviour is causing concern within the Hall will be encouraged to seek assistance to deal with the problem and may face disciplinary action.

Alcohol may only be consumed in the Halls of Residence between 6.00pm and 10.00pm daily.

Residents living in fully catered accommodation can only consume alcohol where there are five people or less in the room. Irrespective of the number of residents in the room (five or less), resident's must be quiet and give consideration to other resident's and the Hall community.

The following regulations apply to the use of alcohol in the Halls:

- Residents must be 18 years of age or older to possess or consume alcohol in the Halls
- In the fully catered Halls, alcohol can only be consumed within a residents bedroom where there are 5 people or less in the room
- In a self-catered flat, flatmates may drink quietly in their lounge so long as they are not disturbing other residents
- Residents can only possess or consume bottled wine (standard sized), bottled or canned beer, ciders and RTD's (Ready to drink spirits and mixers) under 500 millilitres in volume
- All empty bottles and cans must be removed daily from each room for recycling
- Any behaviour, games, apparatus, product or activity that promotes unsafe drinking practices or "binge drinking" is prohibited in the Halls
- Residents are responsible for the behaviour of their guests' and their complying with the alcohol regulations
- From time to time alcohol bans may be imposed on an individual, group or a total Halls ban
- An individual will be deemed to have consumed too much alcohol and may face disciplinary action if they are:
 - Being noisy and/or abusive to any person
 - Being obstructive or non-compliant to any staff member carrying out their duties
 - Places themselves or others at risk through their actions
 - Damages, or is likely to damage the property of others including Halls property
 - Cannot respond to instructions given by staff
 - Cause a mess that needs to be cleaned by another person

Minor breaches of the Rules and Regulations regarding alcohol will be dealt with under the 'Alcohol Management Three Strikes Policy'. Serious or repeated breaches of the Rules and Regulations regarding alcohol will be dealt with by the Associate Director Student Accommodation in consultation with the Director of Student Services. This policy states:

Alcohol Management Three Strikes Policy

- a. The first report of an alcohol related incident may result in the resident being seen by the Residential Life Manager. The Residential Life Manager may issue a first strike, impose an alcohol ban and/or impose a period of community service.
- b. The second report of an alcohol related incident may result in the resident being seen by the Residential Life Manager. The Residential Life Manager may issue a second strike, impose an alcohol ban and/or impose a period of community service. A second strike will be reported to the Associate Director Student Accommodation. The matter may be treated pastorally, if appropriate.
- c. A third report of an alcohol related incident will result in the resident being referred to the Associate Director Student Accommodation. The resident faces the possibility of being transferred to another Hall, having their residency terminated, being fined, plus any other measure the University may impose. If termination of residency is being considered the decision will be made by the Director of Student Services.

All alcohol related incidents requiring additional cleaning of a room, or area of the Halls will result in the individual responsible being fined \$75.00 plus additional necessary cleaning costs. If the individual responsible cannot be identified then the charges will be made to the floor/block/Halls

Assistance Register

Any resident who feels they may require special assistance in an emergency must provide relevant information to the Hall Office before taking up residence in the Hall. This may include any medical problems, i.e. asthma, or any disability which affects hearing, vision or mobility. Should a resident develop any condition during the course of the year, they must inform the Hall Office immediately to ensure that staff are aware assistance may be required.

Cleaning – (Self-catered flats/cottages/studios)

Rooms and communal areas of the flats are the responsibility of the residents. Removal of rubbish is the responsibility of the flat residents, as is maintaining a reasonable standard of cleanliness which meets the standard of the Residential Life Manager or nominee.

A Housekeeper will enter the flat/cottage on a regular basis, usually weekly to inspect. Failure to maintain a reasonable standard of cleanliness will incur a cleaning fee shared equally between the residents of the flat. The fee will be set at the discretion of the Residential Life Manager or will be set at the actual cost incurred by the University engaging commercial cleaners.

Residents will be given a period of time (two weeks maximum) to locate the keys and then charged for the replacement set if the keys are not found.

Replacement keys/cards will be charged at replacement cost. Flats residents will be charged the cost to rekey the whole cottage if this is required for safety reasons.

Decisions and Costs

The decision to terminate the Resident's Contract must have the approval of the Associate Director Student Accommodation (or the Associate Director Student Accommodation's nominee).

If approval is given to terminate the Resident's Contract, the resident must pay, or make an agreement to pay with the Accommodation Services Office, the balance of their outstanding accommodation fees before vacating the Hall.

In most situations four weeks notice will be required and the contingency deposit will not be refunded. Any resident whose contract is terminated must return their keys to the Hall Office or they will be charged for re-keying.

Section 3: Regulations

Suspension or Termination of Resident Contract

The Director of Student Services may suspend a resident from the Hall or terminate a resident's contract under the following conditions where a resident:

- a. Commits a serious breach of the Halls of Residence Rules and Regulations.
- b. Compromises the safety or security of the Hall and/or of other resident(s).
- c. Is deemed to be a serious risk to herself/himself.
- d. Is found with illegal or dangerous substances in the Hall.

- g. Fails to pay their accommodation fees by the due date, or fails to meet alternative payment arrangements as organised with the Accommodation Office.
- h. Is not able to demonstrate a commitment to their programme of study.

If a resident is suspended, alternative accommodation may be provided (if appropriate). If alternative accommodation is not appropriate, accommodation fees may be refunded for the period of the suspension.

If a resident's contract is terminated, a trespass order may be issued.

Acute/Serious Mental Health Issues

Students living in the Halls of Residence must demonstrate an ability to live independently and without unreasonable effect upon other residents living around them.

The University has a responsibility to ensure that the working environment for its Halls residential staff is a safe and suitable work setting.

The Halls do not have the in-house staff expertise or staffing resources to provide care for residents with serious mental health challenges including acute suicidal ideation. In these situations, advice is sought from appropriate mental health professionals regarding the resident's wellbeing and ongoing care requirements.

If a resident is at risk to themselves or others, then their emergency contact person will be contacted to inform them of the situation, as allowed under the Privacy Act 2020 and as legislated under the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021*.

If in the opinion of the Director of Student Services; a resident is a serious risk to themselves or others, and/or is unable to live independently, and/or is requiring a level of staff support beyond the expertise and/or resourcing of the Halls staff; then the Director of Student Services may suspend the resident's contract until such time as the resident's level of wellbeing has significantly improved to allow for independent and safe living within the Halls of Residence environment.

Making a Complaint or Appealing a Decision

Complaint

Where minor concerns arise, residents are encouraged to take a common-sense approach and raise them directly with the relevant resident or staff member, with the aim of resolving the matter at the lowest possible level and without undue formality.

However, where informal discussions have not yielded a satisfactory resolution, or where the matter is more serious, residents are requested in the first instance to share their complaint with their Hall Manager. The Hall Manager will be able to advise the resident of the Halls and the University's respective complaints procedures. If appropriate, the Hall Manager may deal with the complaint as a Halls matter.

If the complaint involves the Hall Manager, or if in the Hall Manager's and/or the residents opinion the matter should be dealt with by the University, then the resident will be requested to follow the University of Waikato Student Complaints Procedures and submit a written complaint to the Director of Student Services detailing the nature of their complaint.

A full copy of the Student Complaints Procedures is detailed on the University of Waikato website:
<https://calendar.waikato.ac.nz/procedures/studentcomplaints>.

Depending on the nature of the complaint, the Student Complaint Procedures should be read in conjunction with the University of Waikato, Staff Code of Conduct and/or Code of Student Conduct; and/or the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.
