

University of Groningen

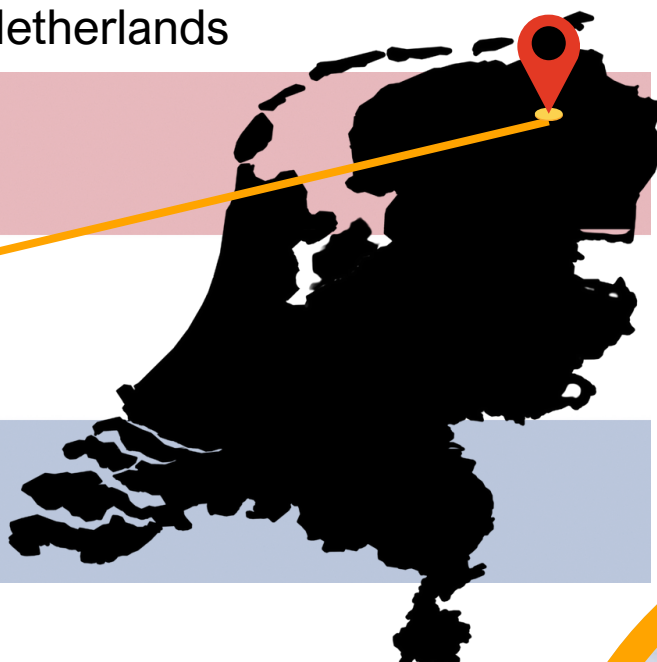

[Website](https://www.rug.nl)

Groningen is a lively student city with around 50,000 students. It's no wonder then that the city's slogan is "Nothing tops Groningen". The high student population makes Groningen the youngest city in the Netherlands. With one in four people being a student, there are a lot of festivals and events in the city, such as the ESN introduction week geared towards students, and our bars have no official closing times. The University of Groningen is an international institution with lots of international students from more than 60 different countries, and a global dimension to university life.
